ALAN S. GREINER, EXECUTIVE DIRECTOR

TO: "OUTSTANDING PERFORMANCE AWARD" recipients at Iowa High School Music Association festival programs

Dear Director and Friends:

It is with a tremendous sense of pride in the accomplishments of your students and music program that the Iowa High School Music Association presents the included award for Outstanding Performance at an Association-sponsored festival program.

The "Outstanding Performance Award" is a designation of effort and accomplishment that far exceeds the demands made of an average Iowa high school musician. This state is blessed with hundreds of talented musicians that are capable of musical performances of a superior nature. Such performances are awarded our Division I rating at festival programs. To be granted the "Outstanding Performance Award", however, designates this particular performance as being truly exemplary to other high school students and music programs.

On behalf of the Executive Committee, allow me to extend our most sincere congratulations to both the student(s) and director(s) who contributed to this unique performance.

Sincerely,

Alan S. Greiner, Executive Director
